Bargains Galore!

The City-wide No-fee Yard-sale Weekend — which began Thursday, May 29 — will continue through Sunday, June 1. A complete list of sale sites can be found on page 3.

Vote June 9

Besides choosing two people to serve on the Romulus Board of Education (see article at right), many voters participating in the Romulus Schools election on Monday, June 9, will also decide the fate of a proposed City Charter amendment that would increase City elected officials' terms from two to four years.

Workers Wanted

The Romulus City Clerk's office is looking to hire "inspectors" for elections to be held Monday, June 9, and Tuesday, June 17 (hours: 6 a.m. to 9 p.m. each day). To qualify as an inspector, a person must be a registered voter and have his/her own transportation. Apply at the City Clerk's office in Romulus City Hall (11111 South Wayne Road at Goddard). For information, call 942-7540.

Basham vs. Butkowski

Voters from the Michigan House of Representative's 22nd District (encompassing the cities of Romulus and Taylor) who cast their ballot in the primary election held on Tuesday, May 20, chose Taylor City Councilman Raymond Basham as the Democratic candidate who will go on to face Republican Rick Butkowski in the general election set for Tuesday, June 17. Unofficial results had Basham receiving 1,728 votes (416 in Romulus; 1,312 in Taylor), followed by Wayne Avery with 1,390 (226 in Romulus; 1,312 in Taylor), Kevin McGuckin with 742 (67 in Romulus; 675 in Taylor), Susan Ciso with 363 (133 in Romulus; 230 in Taylor), and Edward Mulka with 74 (9 in Romulus; 65 in Taylor). Butkowski received a total of 301 votes (84 in Romulus; 217 in Taylor) as the sole Republican. □

3 Will Compete for 2 Board of Education Seats

On Monday, June 9, residents of the Romulus Community Schools district will choose from among three candidates — Kenneth E. Berlinn, Johnnie Cofield, and Eva Webb — to serve on the Romulus Board of Education for the next four years.

Ken Berlinn

As the only incumbent running in this election, Berlinn emphasizes the benefits of his extensive experience. With the exception of one year, he has been a member of the Board of Education since 1981, and has held the offices of Secretary, Vice President, and (his current position) President. He has also represented the Board as a member of the Wayne County Association of School Boards' Executive Committee and the Michigan Association of School Boards' Legislation Relations Network.

Of all his accomplishments as a School Board member, Berlinn is most proud of helping to bring technology to the district.

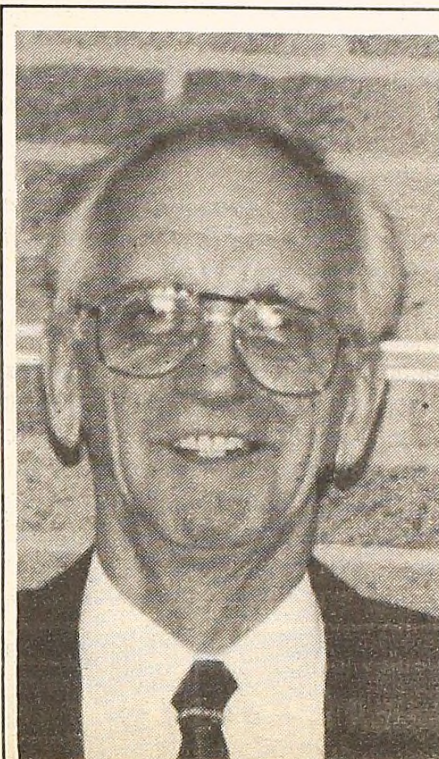

"Few districts in the United States have integrated computers and technology into their educational programs as thoroughly as Romulus has," he explains. "Because this technology is such a versatile teaching tool, and because students' daily exposure to it is making them proficient in its use, we are giving our young people an important advantage that they will take with them into adulthood."

Berlinn hopes that voters will reaffirm their confidence in him so that he can continue to work toward the educational success of Romulus students.

The Ford Motor Company retiree and his wife Rosalie have been married 30 years, and attend St. Stephen Church in New Boston. All three of their daughters — Denise, Marian, and Laurie — attended Romulus schools from kindergarten through high-school graduation.

The Editor's Opinion

Vote "Yes" on 4-year Terms

By Kristi Stephens

When Romulus voters go to the polls on Monday, June 9, we hope that they'll be voting "yes" on Proposal R.

Proponents of four-year terms for our city's elected officials have mustered a number of valid arguments in support of their position, but we believe that there are two which are particularly persuasive.

The first is concerned with attracting qualified people to work in our city's various departments. As things now stand, we can't possibly compete with other communities in hiring the most talented, best educated, and most experienced administrators, simply because we can't promise them a job for more than two years. If we really and truly want to see Romulus grow and improve, we must be able to attract people who have the skills to help us

realize our city's vast – and still mostly untapped – potential.

The second involves giving our officials a reasonable amount of time to implement their ideas. For instance, if we expect our mayor to actively pursue the development of business and residential areas within the City, we have to realize that such developments don't happen overnight. Planning, research, and negotiation are required to bring complex ideas to fruition, and two years is simply not long enough. But if we can give our administrators the assurance of a realistic term of office – and the chance to build a working relationship with City Council without fear that its members may change in two years – we'll be giving our government the stability it needs to accomplish long-term goals for the betterment of our entire community. □

To the Editor:

We would like to take this opportunity to thank the many, many friends who attended the Mary Ann Banks Memorial Park dedication on May 17.

The efforts of the Mayor, City officials, the Recreation Department, and those who participated in the program will always be remembered.

In honoring Mary Ann in this way, the community has also honored her entire family. For this, we are deeply appreciative.

MDOT, Police Say, "You Can't Get There From Here"

In an effort to educate motorists utilizing interstates 275 and 94, the Romulus Police Department is providing information on a number of construction projects which will result in road closings.

The Michigan Department of Transportation (MDOT) notified local jurisdictions on Monday, May 12, that northbound I-275 from Telegraph to I-94 (Northline Road) will be closed from the first week in June until November 1997. The closure is due to a contract to rebuild the existing roadway. There will be no access to any northbound travel once construction begins. Southbound I-275 will remain open.

MDOT's official detour for traffic attempting to come north from I-75 is to continue north to the Telegraph Road exit in the City of Taylor. Motorists will continue northbound up Telegraph Road to I-94 and enter westbound I-94, traveling back to I-275.

MDOT does not have any official detours for any of the east/west corridors commonly used by Downriver motorists. These corridors include Eureka, Sibley, South Huron, and Will Carleton. It falls to the individual communities to alert the motoring public as to acceptable routes.

The Romulus Police Department would urge motorists who use Eureka Road as their entrance point for North I-275 to consider heading north on Telegraph Road, following the MDOT detour signs to I-94. This is a result of additional roadwork in the City of Romulus that is unrelated to the I-275 project.

Two road construction projects currently underway in Romulus will result in some delays and difficulties in getting on I-94 at either the Middlebelt Road entrance or the Wayne Road entrance.

The Middlebelt Road project consists of a traffic shift just north of Eureka Road, where the County is installing a culvert under Middlebelt. This project should be completed by the end of June. Once open, it will be an easy route to I-94.

Motorists who still wish to use Middlebelt Road should understand that a bottleneck is expected at the construction north of Eureka. Motorists may want to access Middlebelt from either Northline, Goddard, or Wick roads.

The access to I-94 at Wayne Road is limited to entering eastbound I-94 from northbound Wayne Road, and westbound I-94 from southbound Wayne Road. The ramps from northbound Wayne to westbound I-94, and southbound Wayne to eastbound I-94, are closed due to reconstruction of the bridge. This project will also result in delays on both East and West I-94.

The MDOT detour to I-94 takes you through two additional projects at Wayne Road and at Vining Road. Both projects still have two lanes of travel, but delays will be caused by volume increase.

There will be some additional work on northbound I-275 from I-94 to I-96 beginning in August as the road is resurfaced. The project will be done at night and on weekends, with a reduction in lanes expected.

The Romulus Police Department requests that motorists consider this article's headline: "You Can't Get There From Here." While it's intended as a bit of humor, it certainly rings true. Motorists should plan on delays in the area, and be alert to orange warning signs and detours, which will be posted in an effort to help you survive the delays with your sanity intact. The Romulus Police Department also reminds motorists that fines associated with citations issued in active construction zones are doubled.

Help yourself avoid the additional headaches by planning ahead, knowing the alternate routes, and - most of all - having patience. □

Areas of I-275 to be affected will be: 1) beginning of I-275 to Telegraph Road (Monroe County); 2) Telegraph Road to Newberg Road (Monroe County); 3) Newberg Road to Northline Road/I-94 (Wayne County); and 4) Northline Road/I-94 to Five Mile Road/I-96 (Wayne County). CGC Vaults to the Top

Kim Moyer (left) and Meghan Conway.

Since September, Meghan Conway of Romulus and Kim Moyer of Carleton have worked very hard to reach the State Finals as Level Five gymnasts. That perseverance finally paid off when the two turned in "personal best" scores at the recent Silver State Championships held in Bay City.

Coach Shane Uson and everyone at the Carleton Gymnastics Club is very proud of the determined young ladies.

Conway — who had lost eight weeks of training due to a broken foot — had only two weeks to prepare for the com-

petition, but the time off seemed to have no bearing on her performance, as she shattered her old high scores on all but one event, and scored a 33.25 in the all-around.

Moyer's sensational performance included personal highs on all four events, placing her fifth in the 12-year-old division with an all-around total of 35.075. Moyer is also the State vaulting champion for 1997.

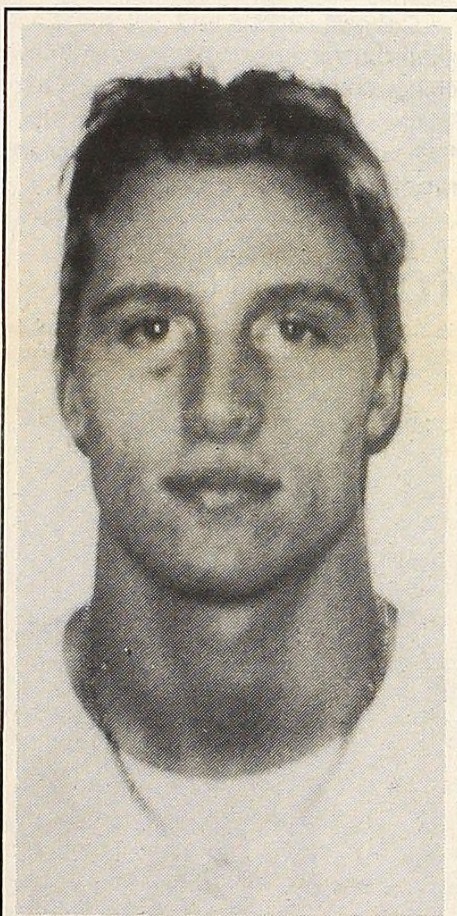

Best of luck to both of these young athletes as they continue to train over the summer. □

Facility Description and Location

EDS proposes to construct a Liquid Hazardous Waste Storage, Filtering, and Disposal Facility. This facility will dispose of liquids in two deep injection wells, one that has already been permitted by the United States Environmental Protection Agency (USEPA) and the MDEQ Geological Survey Division (GSD), and has been constructed to a depth of 4490' below the surface (EDS Well 1-20), and one for which Permit Applications have already been filed with USEPA and GSD (EDS Well 2-20). The facility will be located on a site in the SW 1/4 NW 1/4 SE 1/4 of Section 20, T3S-R9E, or approximately one-quarter mile north of Northline Road, approximately one-quarter mile west of Wahrman Road, and just east of the Chesapeake and Ohio railroad tracks in Romulus, Michigan (see attached map).

Review Process Description

First, the application will be reviewed to determine whether or not it is administratively complete. The process takes approximately thirty (30) days. If the application is incomplete, the local municipality and persons on the facility mailing list will be notified, and the missing information will be required in writing from EDS. When the missing information is provided by EDS and the application is determined to be complete, the MDEQ will immediately notify the local municipality and persons on the facility mailing list, and proceed with a technical review of the application. Within 120 days of receipt of a complete application, the Director of MDEQ will either refer the application to the Site Review Board or notify EDS and the public of its intention to deny the application. The denial process includes a public participation period.

Upon the Director's referral, a Site Review Board is established pursuant to Section 11117 of Act 451 to review the potential impact that the proposed facility will have on the local community. The Board will have 180 days to recommend that the Director either approve or reject the construction permit application. All persons on the facility mailing list will be notified of meetings. Once the Board makes its recommendations, the Director of the Department will appropriately issue or deny the construction permit.

Location of Application Materials

After the application is submitted, it will be available for review at the Department of Environmental Quality, Waste Management Division Office, on the First Floor of the John A. Hannah Office Building, located at the northwest corner of Pine and Allegan streets in Lansing, Michigan, and at the Southern Michigan Field Office, located at 38980 Seven Mile Road in Livonia, Michigan.

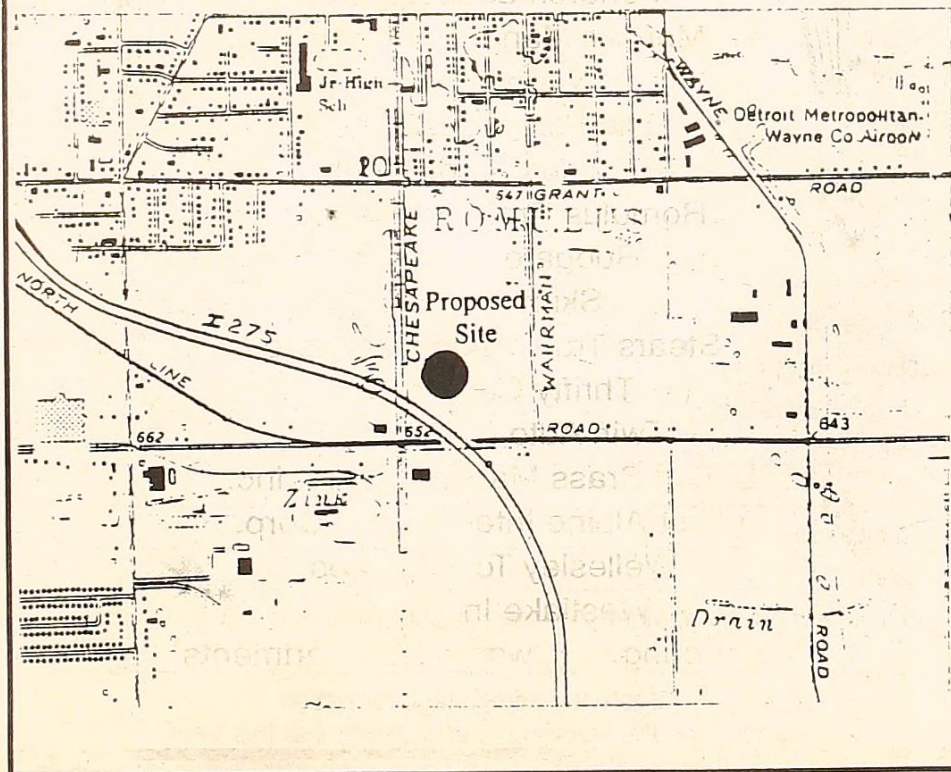

Copies of the application package (after it is submitted) may be ordered from the Department of Environmental Quality Waste Management Division at the address given below for the cost of reproduction.

For Further Information

Questions regarding the proposed facility should be addressed to Austin Marshall, Vice President of Environmental Disposal Systems, Inc., P.O. Box 74456, Romulus, Michigan 48174 (phone number: 313-955-2100), or to Mr. Kenneth Burda, Chief of the Waste Permit Section of the Michigan Department of Environmental Quality (phone number: 517-373-0530). Interested persons must write to the address above to be placed on the facility mailing list.

This notice has been placed by EDS pursuant to Section 11118 (9) of Act 451.

Sassy Seniors

By Mary E. Clark

Special thanks to Audry Moomaw, Manager of the Romulus Tower, and to Linda Norman, Senior Citizens Program Coordinator for the City of Romulus, for contributing information to this issue's "Sassy Seniors" column. (Note: For further information about events at the Senior Center, located at 36515 Bibbins, call 942-6852.)

Legal Aid

Wayne County residents who are at least 60 years of age can receive free legal assistance in most civil matters at Legal Aid clinics to be held on the following dates:

• Wednesday, June 4

Northville Area Senior Center
Scout Building
215 West Cady
Northville
810-349-4140

• Thursday, June 12

Sumpter Township Senior Center
23501 Sumpter Road
Belleville
313-461-9373

No appointment is necessary; seniors are seen on a first-come, first-served basis. Programs begin at 9:30 a.m., and continue until everyone (limit: 25 people) who has signed up by 10:30 a.m. has been seen.

For further information, please call 313-964-5310.

Go Bananas at Father's Day Potluck

June's potluck – to be held at 1 p.m. on June 20 – will feature a variety of themes: fathers will be honored, national dairy month will be celebrated, the (hopeful) arrival of summer will be heralded, and everyone will be going bananas as part of the Romulus Senior Center's second-annual banana-decorating contest.

Decorated bananas can be entered in any of the following categories:

- "eras" (dressed as a flapper or in a zoot suit, as a cowboy from the Old West, etc.),
- "animals" (dressed as a bird, spider, fish, etc.), or
- "occupation" (dressed as a doctor, bum, etc.).

Entries will be judged on originality and use of materials; one prize will be awarded in each category.

Best of all, after the contest has been judged and everyone has enjoyed a dinner of Sloppy Joes and potluck dishes, the "contestants" will be stripped down and used to make banana splits.

As always, bring a dish and bring a friend.

Senior Crime Watch

Local senior citizens interested in learning more about what they can do to prevent crime and promote safety within their neighborhood are invited to attend the Center's next "Senior Crime Watch" meeting, to be held from 9 to 10 a.m. on Thursday, June 5. Officer Tom Ellis of the Romulus Police Department will be on hand to offer his assistance and share his expertise.

Please come: Isn't your protection and peace of mind worth an hour of your time?

Exercise

Following the lead of Richard Simmons on his *Silver Foxes* tape, seniors can exercise at their own pace at the Center every Monday, Wednesday, and Friday at 9 a.m.

As always, the Center recommends that all participants wear comfortable clothing, and urges anyone unused to physical exertion to consult a physician before beginning.

Shopping Trips

For a transportation cost of \$1.50, Romulus seniors can ride the Center's van to shop at Southland/Target on Friday, June 6. Space is limited; payment of the transportation fee reserves your seat on a first-come, first-served basis. No refunds will be made unless there is a waiting list. Sign up at the Center.

Special Trips

Seniors interested in more information about these or other special trips that have been planned by the Romulus Senior Center should call Linda Norman at 942-6852.

- **Pair-A-Dice** – This overnight outing which features gambling aboard a riverboat casino is paradise, indeed, for those who love to wager! The \$61 cost of the trip, which departs June 23, includes round-trip motorcoach transportation; one night's accommodations at the Pair-A-Dice Hotel in Peoria, Illinois; casino gambling aboard the Pair-A-Dice Riverboat; and three full meals.

- **Bay Mills Resort & Casino** – Those who love to flirt with Lady Luck won't want to miss this overnight excursion to the Bay Mills Resort and Casino in Brimley, Michigan. The \$115 cost of the trip, which departs on July 14, includes round-trip motorcoach transportation, one night's accommodations, one breakfast, one dinner, and \$40 total cash back from casinos in St. Ignace and the Soo. Your final cost is only \$75!

The Stork Arrived

Jeremy Hatfield

Proudly announcing the birth of their new son, Jeremy Dean Hatfield, are Jeff Hatfield and Angela Terry of Romulus, Michigan.

Jeremy was born in Annapolis Hospital (Wayne, MI) at 5:54 p.m. on Tuesday, March 25, 1997, weighing in at nine pounds, 10 ounces, and measuring 21½ inches in length.

Also welcoming the new arrival into their family were Jeremy's paternal grandparents, Jesse and Beverly Hatfield of Romulus, as well as his maternal grandparents, Dave and Diane Terry, also of Romulus. □

Johnnie Cofield

"Dedication, trust, and determination have been the foundation of my past achievements, and they will continue to be the basis of my success in the future," says Johnnie Cofield, a proud wife, mother, grandmother, and great-grandmother who has lived in Romulus for over 42 years.

Cofield describes herself as a person who always keeps her word – one who follows through whenever she makes a commitment: "I have dedicated my life to the welfare and education of young people, and I look forward to the opportunity to continue that commitment as a member of the Romulus Board of Education."

Cofield – who has grandchildren of her own currently enrolled in Romulus schools – recognizes the importance of the role of public schools. "Our young people are our future," she explains, "and I want to do my part to make that future a success by helping our children get a good education."

Besides working with the Romulus Head Start program for more than seven years, Cofield has also helped other organizations set up their own day-care programs. She is a member of both the Transfiguration Church and the Order of the Eastern Star.

Eva Webb

"It is imperative that we continue to improve our students' preparation for the world of employment," insists Eva Webb, a resident of Romulus for the past 25 years, "and we can do this most effectively by making education a community-wide responsibility."

Webb believes that children learn best when their educations proceed both inside and outside the classroom. "We all have something to contribute to our young people," she explains. "Parents, teachers, business people, and other community members need to work together. Only by combining all our resources can we give our kids the skills they need to succeed in life."

Webb hopes that voters will make an extra effort to get to the polls on Monday, June 9: "I know that School Board elections often receive less attention than City elections, but we need to remember that they are just as important. It's the students of today who will become the mayors and city councilmen of tomorrow – and if we want our young people to be prepared for the future, we have to make education a priority today."

The 25-year Romulus resident has a long history of community involvement. She is a former member of the Citizens Advisory Council of the Downtown Development Authority, a co-founder of the Romulus Early Pioneers, and a current member of the Greater Romulus Chamber of Commerce. A "prayer warrior" of her church, Webb is also a former den mother and PTA secretary. Her interest in serving Romulus is nothing new, as evidenced by her former candidacy for Romulus City Council. □

Jessie Marie (Haga) Crandall

Jessie Marie (Haga) Crandall died on Tuesday, May 27, 1997. The 79-year-old resident of Romulus, Michigan, now joins her beloved husband, Floyd, who died on November 2, 1996.

Born September 30, 1917, Jessie was raised in Muskegon, Michigan. The daughter of John and Gertrude Haga was the last of her immediate family.

After completing junior college and business college, Jessie went on to train as a Navy nurse. During the course of that training, she cared for many soldiers, and eventually fell in love with one patient in particular: Floyd Crandall. Following their marriage, Floyd and Jessie lived in Romulus for most of their

lives. Employment as caretakers at the Wayne County 4-H Fairgrounds sparked a move to Belleville, Michigan, but retirement brought the couple back to Romulus to reside at the Romulus Tower senior-citizen apartment complex.

Jessie is survived by her daughter, Rita Marie (Crandall) Tyler; her son-in-law, David Wayne Tyler; two granddaughters, Stephanie Renee and Shannon Marie Tyler; one brother, Bruce Crandall; and two nephews, Randy and Terry Crandall.

Arrangements were made by Voran Funeral Home (Allen Park, MI). Interment was at Mt. Hope Cemetery (Livonia, MI).
